# The Western Cape region

The Western Cape region includes Aboriginal-owned land (Deed of Grant in Trust [DOGIT] land), Scherger airspace, pastoral and mining lease. Access is not allowed in some of these areas. Where access is allowed it is a privilege, not a right, and it can be withdrawn at anytime by land owners.

## Mining lease

Access is not permitted on active mine lease. Access to other parts of the lease is permitted on designated roads only (these are shown in red on the map). For more information about mining lease contact Rio Tinto Alcan on 1800 707 633.

## DOGIT land

DOGIT land is like freehold land. You should treat this land with the same respect as other private property. Look after campfires, remove rubbish and obey all signs. Do not leave established tracks and remember there are restrictions on carrying alcohol in DOGIT lands. Permits may apply.
