Independent Auditor's Report

To the Directors of

Rio Tinto Canada Inc., Compagnie Minière IOC Inc., Rio Tinto Fer et Titane Inc., Rio Tinto Diamonds and Minerals Holding Inc. and Diavik Diamond Mines 2012 Inc.

Opinion

We have audited the payments associated with the country code CAN of Rio Tinto Canada Inc., Compagnie Minière IOC Inc., Rio Tinto Fer et Tltane Inc., Rio Tinto Diamonds and Minerals Holding Inc. and Diavik Diamond Mines 2012 Inc. (the "Companies") included in the accompanying "Project Payments by Type", "Project Payment Totals", "Government Payments by Type" and "Government Payment Totals" schedules totaling US\$4,968,114,647 for the year ended December 31, 2018 (collectively referred to as the "payments").

In our opinion, the Payments of the Companies for the year ended December 31, 2018 have been prepared, in all material respects, in accordance with the requirements set out in *The Reports on Payments to Governments Regulations 2014 of the European Communities Act* (the "financial reporting framework").

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities* for the *Audit of the Payments* section of our report. We are Independent of the Companies in accordance with the ethical requirements that are relevant to our audit of the payments in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Observation

The payments have been prepared to allow the Companies to meet the requirements of the *Extractive Sector Transparency Measures Act* (Canada). As a result, it is possible that the payments cannot be used for other purposes. Our opinion is not changed with respect to this point.

Responsibilities of Management for the Payments

Management is responsible for the preparation of the payments in accordance with the financial reporting framework, and for such internal control as management determines is necessary to enable the preparation of the payments that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Payments

Our objectives are to obtain reasonable assurance that the payments are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these payments.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks that payments have material misstatements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Companies' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates, if any, and related disclosures made by management.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
